

CLINZI – climate’s long-term impact on New Zealand’s infrastructure

Nigel Jollands, PhD

NZCEE & Landcare Research

Take home messages

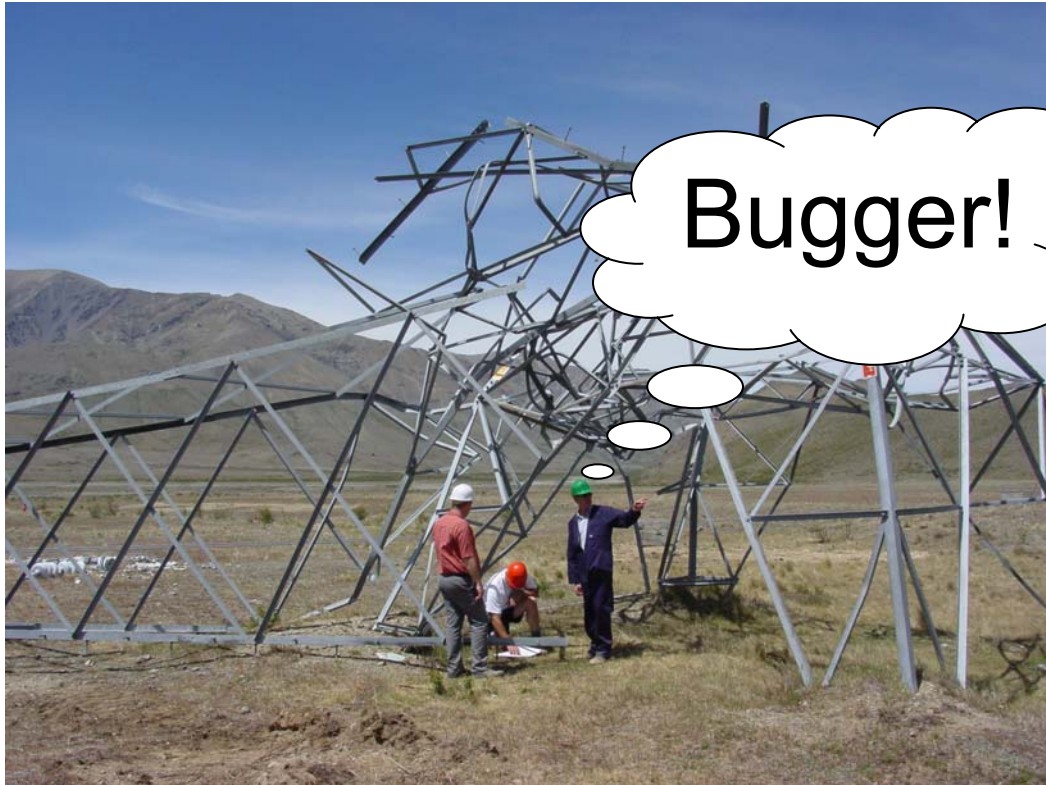

1. Climate change is bigger than steroids
2. Climate impacts on infrastructure; climate changes may increase impacts
3. Infrastructure managers must consider climate change
4. CLINZI = climate's long-term impact on NZ infrastructure
5. Integrated assessments are essential

**#1. Climate change is bigger
than steroids**

#1. Climate change is on the agenda

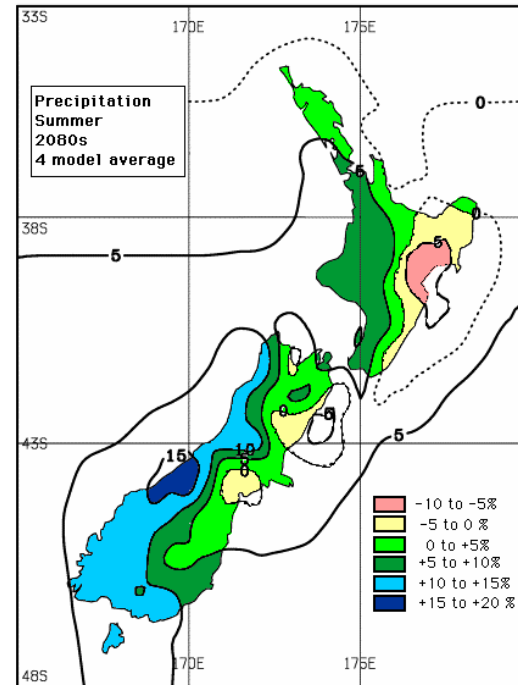

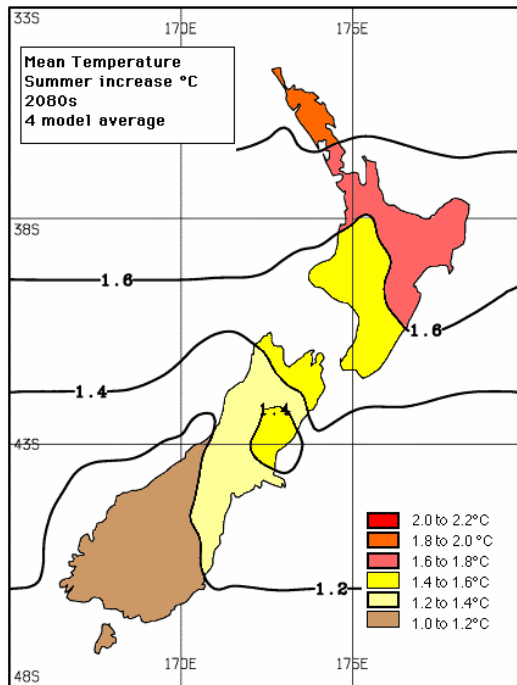

#2. Climate impacts on infrastructure ...

Bugger!

Climate change may increase impacts

- General climate change scenario in NZ
