ABOUT

The SuperLocal 2024 Awards are about championing the incredible work that local government does – work that is often taken for granted.

Every year, councils go above and beyond to deliver the things their communities need and want. At the SuperLocal Awards we celebrate and share these successes. They're always a highlight of the annual LGNZ conference. There's so much inspirational work out there, and we want to shout about it.

This year we're shining a light on excellence in leadership, collaboration, innovation, engagement and environmental sustainability. 2023's reimagined SuperLocal Awards (formerly the Excellence Awards) were a huge success, and we're excited to build on them this year. We've also learnt a thing or two about what needs to be tweaked and changed this year – and your feedback on this was really helpful.

We've taken some time to clarify what we are looking for in each category and have also introduced two new Awards. First, the SuperHuman Award, for an outstanding elected member who goes above and beyond – as nominated by their Mayor or Chair. Secondly, the SuperSteward Award, for councils making a major positive impact on their unique environment. The SuperCollab Award, SuperEngaged Award and SuperIdea Award will also be making a return.

Submit your entry and demonstrate how you are transforming the lives of locals in New Zealand for the better and pushing the boundaries of what local government does.

Applications close at 5pm on 21 June 2024.
